PROJECTS

Personal Portfolio Website

2024

Tools: [WordPress](#), [Elementor](#), [Yoast SEO](#), [Google Search Console](#)

- Built a fully responsive personal portfolio website using WordPress and Elementor page builder from scratch.
- Applied basic on-page SEO — added meta titles, descriptions, alt tags, and submitted XML sitemap to Google Search Console.
- Optimized images and enabled caching to improve page load speed; PageSpeed score improved from ~50 to ~78.
- **Result:** Website indexed by Google within 5 days; achieved basic local visibility for target keywords.

SEO Practice - Blog Keyword Research & Optimization

2024

Tools: [Google Keyword Planner](#), [SEMrush \(Free\)](#), [Google Search Console](#)

- Identified 20+ low-competition keywords for a practice blog using Google Keyword Planner and SEMrush free tools.
- Rewrote and optimized 5 blog posts — improved heading structure, added target keywords naturally, and fixed meta descriptions.
- Tracked changes in Google Search Console to monitor impressions and average ranking position over 4 weeks.
- **Result:** Average impressions increased by ~40% and 3 articles moved to Page 2 from Page 4+ within a month.

Social Media Content Practice - Instagram Page

2023 - 2024

Tools: [Canva](#), [Meta Business Suite](#), [Instagram Insights](#)

- Created and managed a niche Instagram practice page, designing posts and Reels using Canva to maintain a consistent brand look.
- Planned and followed a weekly content calendar; tested different content formats (carousels, quotes, tips) to observe engagement patterns.
- Analysed Instagram Insights (reach, saves, profile visits) to identify which content types performed best.
- **Result:** Grew page from 0 to 200+ followers organically; average engagement rate reached ~5% within 3 months.
